

Rail Network Rebuild

MANUREWA RAIL WORKS: 24/7 CONSTRUCTION

March 2025

Dear neighbour,

KiwiRail is rebuilding the rail network in your area to make rail travel more resilient and reliable and to prepare for the faster, more frequent trains the City Rail Link (CRL) will bring when it opens next year. We will soon begin a major upgrade of our rail network between Papakura and Wiri, including Manurewa.

From 12 to 27 April, we will be digging up and replacing the foundations under the tracks in the rail corridor near your property. Some of this work needs to happen at night so we can complete the work as quickly as possible.

KiwiRail land at Homai train station, a nearby yard at Fulton Hogan, and our properties further south at Gloucester Road and Beatty Avenue will be used as an access points for vehicles needed for this work. An additional site at Dalgety Drive may also be used.

This work will also continue at this location over several other rail closures scheduled for later this year during long weekends and school holidays.

The rebuild work replaces aging foundations under the tracks to make them more resilient to weather events. The work allows trains to be more reliable and helps get the network ready for the CRL.

What we are doing:

The Rail Network Rebuild work will improve reliability, allow more frequent trains and improve the ride for passengers. The work involves the following steps:

- Cutting and removing existing track and sleepers
- Digging up and rebuilding foundations, excavating and replacing ballast
- Laying tracks and sleepers, connecting, re-aligning and balancing tracks.

Upcoming dates

Saturday 12 April – Sunday 27 April: 24/7 works

KiwiRail 

Night works – what you can expect

We are undertaking major track works in your area. During this work there may be noise, dust, vibrations and lights needed to keep the workers safe at night.

Our teams will be mindful of working near residential properties and aim to get the job done as quickly and quietly as possible to minimise disruption. However, despite their efforts this work may cause you some disturbance and we apologise in advance for this.

There will also be increased vehicle movements near Homai station, at a neighbouring Fulton Hogan yard, and further south at Gloucester Road and at Beatty Avenue, so please take extra care when in those areas.

Work areas and the vehicle access points are shown in the map below:
